

Welcome to WAGEverify, your new Employment and Income Verification Service

There are many occasions where an institution or agency requires verification of your employment or income. To help expedite that process the next time you are asked, we are pleased to announce that, effective March 9, 2020, Exceptional Therapy LLC will use WAGEverify™ to provide automated employment and income verifications for our staff members.

Rather than trying to reach Home Office HR, your secure information is now available to verifiers, 24 hours a day, 7 days a week.

What is WAGEverify?

WAGEverify™ is a fast and secure way to provide proof of your employment or income – a necessary step in many of today's life events including obtaining credit, financing a home or automobile, obtaining a housing lease or securing government benefits or services.

WAGEverify™ simplifies the verification process and accelerates qualifying decisions through an online system available to verifiers

Hundreds of thousands of credentialed verifiers rely on WAGEverify™ for rapid access to information critical to their decision process, and thousands of employers nationwide have entrusted WAGEverify™ to provide this important service on behalf of their employees.

This automated process is intended for:

1. Commercial and business applications, such as mortgage applications, property leases, credit card applications, and pre-employment screening.
2. Social Service qualified assistance agencies, such as Medicaid, SSI / SSDI, SNAP, TANF, Child Support, and Public Housing.

For Verifiers (Commercial & Government):

1. All verifiers will create an account on the website (www.wageverify.com)
2. Once their account is approved, they will need to search the employment records for the specific staff member by using their SSN.
3. If there are any questions or concerns: please utilize the support lines. Phone: 866.927.5993 or Email: Support@Wageverify.com
