

KIRTLAND

REHABILITATION AND CARE

TESTIMONIAL

“Every time I went to dialysis, I recommended Kirtland Rehab to everyone in the room”

- Wilma Moyer

Wilma

Wilma Jean Moyer admitted to us from Lake West with generalized weakness from her routine dialysis. Wilma came in with a maximum impairment of physical and occupational function. During Wilma’s stay, she stated “the therapy was amazing. They helped me achieve my independence again. I was afraid of not returning home. When I first arrived here, I could not get out of bed, put my clothes on, or walk. Now, I can do all of those things and more. The therapy also worked very well around my dialysis schedule. As for nursing, I could not say more.

The aides, specifically Candice and Amanda, and nurses were very attentive. I did not have a single problem while I was here. The cook is wonderful. She made sure I had balanced meals every day. When I did not like something, she gave me an alternate on the menu. I could not have asked for a better experience.”

Wilma discharged on 4/20/24 with a full recovery. She will be returning home with home healthcare to continue her positive progression.
